Growth of the College

The President's office reports that the correspondence relating to admissions for next year's class has already reached a volume never before equalled so early in the term. The men applying for entrance are mainly of good scholarship and record. Several have applied for entrance with the Class of 1926 and one has filed an application to enter with the Class of 1928.

This fall, the accommodations of the College for new students have been taxed to the maximum, and the College now contains all of the men for which it can comfortably provide at present. Reports that Hamilton was compelled to turn away men no doubt helped to make the subfreshmen about the country realize the worth of an education secured on the Hill.

Much credit for the popularizing of Hamilton College among the future college men now in preparatory schools is due the Alumni Associations, the College Growth Committee of the Trustees, and President Ferry. We note with pleasure that their efforts are securing a large number of new men, all desirable as undergraduates.

Care of the Campus

We all know the hackneyed expression that "a word to the wise is sufficient." Perhaps it would be well for some persons to read over the saying again. There are a few individuals in college who still manifest their sense of the proletariat's freedom by scattering papers about the campus.

The Athletic Department sees to it that the athletic field looks clean, but it cannot police the campus. That is for the students to watch. All of these papers lying on the grass might easily have been thrown in the dormitory fireplaces or in the waste basket. If the men who threw them on the campus will be more careful in the future, the appearance of the campus will be greatly improved and the College will be spared the expense of cleaning up the litter.

. . . and at the two great Automobile Shows

A fact:

Last January at the big New York show in the Grand Central Palace as well as at Chicago's show at the Coliseum more Fatimas were smoked than any other cigarette.

—more proof of "just enough Turkish"

These two great events attract motorists from every section of the country.

Hence this preference for Fatima is more than usually significant. It shows that what most men want is not an expensive, over-rich, straight Turkish cigarette, nor the ordinary "thin-tasting" Turkish Blend, but Fatima with "just enough Turkish."

Not only do Fatimas contain more Turkish tobacco than any other "Turkish Blend" but they are entirely free from the oily heaviness of straight Turkish cigarettes.

SOCCER TEAM TO PLAY COLGATE

Game Scheduled with Maroon for Next Saturday at Hamilton—Second Game with Colgate Nov. 13.

SYRACUSE GAME CANCELLED

The soccer game between Syracuse and Hamilton scheduled for today has been cancelled for this season because of a failure of the players to agree upon the date. The game with Syracuse set for the thirteenth of November was called off some days ago.

These cancellations have come as a great disappointment to the members of the squad, who confidently expected to come off victorious over the Orange. The fast team from Clark Mills that opposed the Buff and Blue two weeks ago and won by the small score of one to nothing, defeated Syracuse earlier in the season. It also decisively defeated Sherrill. The latter team in turn had also beaten Syracuse by the rather large score of six to nothing. It was by this system of comparison that the Hamilton supporters were led to expect a victory over the Orange, whether the two teams clashed in Clinton or in Syracuse.

Accordingly the next game of the season will come next Saturday, when the Hamilton soccerites will meet Colgate on the Maroon's field. The following week Sherrill will play the Buff and Blue on the Hill. Manager Mulford has secured a second game with Colgate which will be played here on the thirteenth of November and will constitute the last game of the season. This last date is tentative at the present as the game may have to be deferred until the twenty-seventh of next month.

The manager of the Clark Mills team had nothing but praise for the fine showing that Hamilton made in her initial game of the season, and, in fact, the first game to be played on the Hill with an extra-mural opponent. He stated in part, "Hamilton has the best material I have ever seen, and I've seen some good men. We ourselves had a state championship team a year ago. Brownell and Bartlett both show remarkable promise."

Professor Lewis, who has had a great deal of coaching experience, has volunteered his services as soccer coach, and is rapidly whipping the squad into shape with the assistance of Bartlett and Wettel. The chief difficulty at present seems to be in the small size of the squad. There are only twenty-three men regularly enrolled, and some of these seem to appear only as much as is necessary to escape the rigors of gymnasium training. In consequence there are rarely enough men to make up two full-sized teams. Therefore the coaches take this opportunity to send out an urgent appeal to every man in the College, who thinks he can kick a ball, to appear on the field for practice Monday at four-thirty p. m.

—Theodore H. Burgess, '03, has become a partner with Cook, McGowan, Foote, Bushnell, and Lamb in the practice of law at 1319 Williamson Building, Cleveland, O.

NEW GOLF COURSE

President Ferry has announced that work on the new golf course may begin this fall. In case the work on the new third reservoir and on the new hockey rink progresses rapidly, some of the labor may be shifted to help lay out a few holes on the new course. If the labor situation is not favorable, this work will have to lie over until spring. The work will be in charge of Mr. Prettyman and Sherrill Sherman of Utica.

It seems likely that there will be some arrangement made so that in the summer the faculty and village people will have the use of the links. Probably a club of some kind will be formed. At any rate it is expected that the fullest possible use of the course will be enjoyed.

—Rev. Charles E. Babcock, '67, died at his home in Canastota, N. Y., on the morning of Tuesday, September 21.

Considerable interest has been aroused in the movement to form a college band here which could play at all of the intercollegiate games on the Hill. Band Leader Lopardo, '21, has been spending a great part of his time on the work and expects to have an organization ready to appear soon. He believes that there is sufficient talent on the Hill to form an excellent band. A number of able musicians have been discovered, among them being Pierce, '21, who "um-pahs" on the bass horn. The band has been rehearsing in Silliman Hall and will continue to practice there.

The Chairman of the Committee on Schedule and Studies asks that those expecting to repeat a course during the second semester submit a request to that effect if they have not already done so. Blanks for the purpose may be obtained from the President's Office.

The Sophomore Class has elected the following officers: President, Alexander M. Huntsman of Auburn; vice-president, Watson M. Thompson of Jamaica; secretary and treasurer, J. Philip Doane of Clinton.
